FYI – Just so you know that Karen Johnson and her folks are in contact with Region 2 Water Program Director to followup on the PFOA response questions they have. A continuing effort from the Judith Enck request.

Margaret, John,

I appreciate the quick responses. Ariel and Adolph be following-up directly on this issue.

Thanks.

John

Hi Mardi:

Yes, Tom Poy, R3's RCRA Enforcement Branch Chief and Leslie Kirby-Miles (ORC) led the development of the SDWA Order for Dupont. It was actually primarily under SDWA, as SDWA has provisional PFC values, but R3 RCRA led the Order.

The staff contacts were Kim Harris (Program) and Heather Shoven (Enforcement), both of SDWA, in Tom's Branch.

Thanks!

Cheers,

Bradley Grams

Importance: High

We can follow up on the TSCA end. I'm also sending this to Gary and Jose, since Region 2 asked about RCRA experience.

Brad, do you think we should forward on to Tom Poy as well?

Subject: PFOA - Hoosick Falls, NY

Margaret and John,

Region 2 is dealing with a case of PFOA contamination in groundwater and drinking water that has recently come to our attention. The PFCs have been found on a PWS and private residential drinking water wells in Hoosick Falls, NY. In the course working on this issue, we received the below email and attached letter which includes correspondence to Regions 3 and 5 about DuPont's Washington Works in WV. We'd like to touch base with your folks to see if you can share your experience with the cases in your Regions and what role RCRA and other programs played. I'd appreciate if you could please let us know who would be a good person to contact.

Thanks.
